Green actions, Blue future

Course series 2024-2025

Free

Online

45 minutes

The Education and Water Monitoring Action Group (EWAG) invites secondary school teachers and their students to take part in its new series of training courses - Green Actions, Blue Future.

Goal : To provide students with the essential knowledge and skills they need to take action and create their own environmental projects.

1 Why should we care about water in the context of climate change?

October 2024

2 Approaches to managing eco-anxiety and striving for eco-hope!

November 2024

3 How to carry out an environmental project from A to Z?

February 2025

4 Exploring best practices in scientific communication!

March 2025

Spaces are limited - Please book at least 2 weeks in advance
REGISTER VIA THE EWAG WEBSITE (CLIMACTION SECTION)

If you have any questions, please do not hesitate to contact Bianca Firbank (bfirbank@g3e-ewag.ca).

This project was undertaken with the financial support of the Government of Canada.

Course 4/4

March 2025

Exploring best practices in scientific communication!

An important part of taking action is effectively communicating these efforts. This course explores how to make ideas accessible to the general public, how to target audiences of all ages and how to convey scientific information effectively.
